Xecutioner's Return, OBITUARY's classic seventh studio album is available on remastered vinyl for the first time in 20 years! Named after OBITUARY's original band name (Xecutioner), the record was originally released in 2007. Upon its original release, ***Xecutioner's Return*** was hailed as "a bone-basic tour de force of old-school death metal infused with a bleeding organic groove and dripping with sepulchral atmosphere." (Blabbermouth)

The thunderous album features all of the band's hallmarks, ***Xecutioner's Return*** features heavier-than-anything-else Death Metal riffs, now infused with old-school, neck-breaking pacing. Prepare for death!
