Opis produktu

After impressing with their 2018 demo, ‘Sermon to the Snake’, Obscene make their LP debut with a renewed sense of ruthless aggression in ‘The Inhabitable Dark’. They entered Earth Analog Studios in Tolono, IL in summer of 2018 to lay down 8 tracks of death metal fury. Not adhering to any sort of ‘caveman’ or ‘cavernous’ trend in the current climate, this album harkens back to the early FL and Dutch death metal scene as well as nods to U.K., Scandinavia, New York, touches of vicious thrash and riff oriented traditional heavy metal to go along with an unhinged acidic vocal style. Artwork provided by cult artist and legendary great, Mark Riddick in one of his best works. Come with Obscene down in the Inhabitable Dark!
