Coinciding with the release of Oerheks' third demo 'Valkengebed', Amor Fati & Babylon Doom Cult have decided to compile the first three Oerheks releases on CD format for the first time. Over 90 minutes in playtime, this compendium offers a complete dive into the first steps of the discography of this raw atmospheric black metal band. Aptly titled 'Grondslagen' (loosely translated to 'Foundations'), the double CD set lays a foundation for what is about to come.
