THE SECOND GOSPEL OF MICHAYAH BELFAGOR HAKOLA Long-awaited re-issue of infamous Swedish band OFERMODs second album, a band feared by many, yet admired by all, as being the key component turning the scene in the late 90s into something serious and inevitably once again Dangerous, both in concept as well as in execution. The unmistakable Religious Fanaticism and genuine Satanic values that defines OFERMOD would then ultimately come pave the way, and lay down the very fundaments for a new and more Orthodox form of Black Metal, a movement in which, still to this very day, the band remain the alpha, dictating both filth as well as the worthy on what is, and when necessary, WHAT ISN’T!
