Opis produktu

Debut release by this new project by the incredibly prolific Graf Auzawandils (Alex Poole) and Winter's Blood (R.F.), who already collaborate in killer acts such as Kveldstimer, Svarogn, Ichors Glaive and Ghemhamforash. Old school, gelid Black Metal with Symphonic elements, with great whimsical and serpentine keyboard lines praising the grandeur of heathen heroic war, and the battle-torn, blood-soaked lands of Transylvania, a mystical territory fought and died over by ancient empires.
