'Masks of the Magi' Trilogy, opus II

THE OUTSIDER

The dreams die and the firmament drowns. Amidst the ashes of a dead forest rises a solitary kingdom. These towers breathe the blackest of magic...

Old Sorcery is a dungeon synth / black metal project from Lahti, Finland, born in 2017 from the ever-creative mind of Juuso “Vrajitor” Peltola (Warmoon Lord, Argenthorns, Vrajitor’s Tenebrarium and many more), which is now in the middle of a trilogy of releases shared between labels Out Of Season and Avantgarde Music.

The Outsider is the second part of this fantasy concept, which here blends dungeon synth with the more atmospheric and escapist part of black metal.
Over 70 minutes long, The Outsider is a real journey through fabled lands and mysteries unknown.
