Opis produktu

- 180g black vinyl

The outstanding debut album of OMINOUS RESURRECTION available again on CD and LP format through Terratur Possessions.

As the name suggests, this is as sinister and ominous Black Metal can get, calculated and intricate yet raw and unpleasant at the same time. An underrated and overlooked album released back in 2014 by Funeral Industries. Highly recommended to fans of Negative Plane, Mortuary Drape and old era Rotting Christ.
