Opis produktu

A known entity to the most attentive and adventurous of black metal fans, with *Valonielu* ORANSSI PAZUZU offers a vibrant, colorful cataclysm of psych, space rock, and black metal that cannot be easily categorized as any one particular genre or any single influence. At once celestial and boundless yet malevolently grim and harsh, *Valonielu* is certain to elevate ORANSSI PAZUZU to new levels of importance within the modern music scene.
ORANSSI PAZUZU’s previous album *Kosmonument* was received with great critical acclaim as a brilliant album by a band developing into something all their own. On *Valonielu*, the band has sharpened their songcraft into a more succinct and salient statement, formidably invoking ’90s-era Darkthrone yet boldly reaching further out into the multiverse of the psych and experimental side they have always inhabited. From the beginning chainsaw riff of album opener “Vino Verso” (“Askew Sprout”) to the climactic, world-downfall of final track “Ympyra On Viiva Tomussa” (“A Circle Is A Line In The Dust”), ORANSSI PAZUZU masterfully establish a cosmology all their own.
