Osi and the Jupiter`s first full-length "Halls Of The Wolf" explores neo-folk with atmospheric acoustic hymns, bluesy, dark and eerie. From its birth in 2015, the focus of the project has been on the spiritual connection between nature and the will of the old Gods – channeled through various representations of life, death, and rebirth, this connection speaks through these musical creations, resonating as wordless tributes to these nebulous yet fundamental concepts.
