Klasyczne pudełko jewelcase.

Recorded at No Solace / Abyss Road Studio
Mixed and mastered by M.
Instruments and vocals by the Fall
Litography by Paulina Antolak
Guest vocal by A.P (Armagedda)

Over the Voids is back. The long-awaited sophomore album, "HADAL", sports a masterful balance between atmosphere and aggression. Both melody and dissonance have their place here, and the forceful arrangements bristle with harsh energy. Interspersed with the frantic aural attacks are bleak passages, at times adorned with chanted clear vocals and haunting acoustic guitars.

With "HADAL", main visionaire The Fall expands Over the Voids' austere universe into new, yet oddly familiar, territories. Even though it is harkening back to the glorious 90's black metal sound it is an evidence of how a fallen world can birth to something new and teeming with ominous potency. From the depths of darkness, a new power emerges, spreading itself over the voids...

Tracklist:

1. The pillar
2. Hadal
3. In the great war of nothing
4. Witchfuck
5. Stone vault astronomers
6. Prodigal king
7. A tribe with no mythology
8. Corridors inside a glacier
9. Thin ice
