Multi-colour double vinyl (Blue Galaxy) • Poly-lined innersleeve • Spot UV jacket • 10" booklet

Deluxe 10 year anniversary double vinyl edition.

This special edition features multi-coloured double vinyl, each housed in protective poly-lined inner sleeves. The LP cover is finished with stunning spot UV lamination, adding a tactile and visual dimension to the artwork. It also includes a meticulously crafted booklet that, for the first time, reveals the album's lyrics. Accompanied by new artwork and liner notes, this booklet offers fans a deeper insight into the artistry and impact of "Roads to the North".

Panopticon's "Roads to the North" marks a pivotal evolution in Austin Lunn's journey, blending emotive black metal with Americana. This album not only builds on the acclaim of "Kentucky" but also ventures into new realms, incorporating melodic death metal with a finesse that elevates the project. It's a profound narrative of change, reflecting Lunn's personal odyssey with intricate musicianship and heartfelt passion, making it a standout release that pushes the boundaries of folk-infused metal.
