### Opis produktu

CD housed in a 8 panel digipack.

Imagine yourself standing on a cliff that like a pillar rises from the sea, imagine the wild storms that roar the ocean shores, imagine yourself swallowed by the great nordic waves of old. Here lies the solitary nest of "Drengskapr" - the second craft by the wayward and self-willed Swedish artist PANPHAGE and the tale of Grette Asmundsson. PANPHAGE who with his past releases has shown a rare way of interpreting Swedish folk music with a significantly wild and furious blackened metal. A unique force that will tell us to affirm the wilderness within us and release our inner walls in order to embrace the ways of the primitive past.
