Opis produktu

Comes in 4-panel digipak with 8-page lyric booklet.

The Suns of Perdition I: War, Horrid War is a vicious and abrasive ride straight to the pits of inhumanity. This first chapter examines the malign episodes of this past century, shining a light on difficult subject matter using a begrimed philosophical lens. The resulting synthesis is what George Orwell once described as [a vision of the future] “a boot stamping on a human face forever.”

Produced and mixed by Greg Dawson at BWC Studios in Kingston, Ontario, Canada, the album was mastered by Sergei Lazar at CDM Records Studio in Moscow, Russia.
