Opis produktu

The power-trio format is almost too perfect for PERDITION TEMPLE, as they peel off with precision one surging, contorting attack after another, their crush chaotic yet controlled; one could easily argue that Sacraments of Descension is the sound of the band at their tightest. Not to be outdone, ever, Palubicki puts on a clinic of demented soloing here, his demonic six-string conjurings invoking a hysteria that would be Hell personified if not for the preternatural grace he displays across those very, bloodstained strings (he also assumes vocal duties again, as he did for Edict of the Antichrist). Of especial note is the album's production: Sacraments of Descension was recorded between September and October 2019 at Audial Warfare, Very Metal Sound, and M.A.D.F. Studios, with mixing & mastering handled by Jarrett Pritchard (1349, Goatwhore, Nocturnus A.D.) at New Constellation.

Completed by exquisitely sulfurous artwork courtesy of SLAUGHTBBATH's Daniel Corcuera, PERDITION TEMPLE have arguably delivered their masterwork with Sacraments of Descension. Partake and pay fealty to these barbarian warlords!
