Opis produktu

Digipack CD

Comes in a 4-panel digipack w/ an 8-page booklet. First batch comes in black polycarbonate CD.

Building upon the symphonic Black Metal stylings of their masterful 2022 debut "**The Ashen Abhorrence**", enigmatic Finnish duo **PESTILENT HEX** return with second opus, "**Sorceries of Sanguine & Shadow**", to herald a new era of malevolent grandeur and melodic aggression.

The work of multi-instrumentalist *L. Oathe* (**DESOLATE SHRINE, CONVOCATION, ORDINANCE**) and vocalist/lyricist *M. Malignant* (**CORPSESSED, TYRANNY, PROFETUS**), "**Sorceries of Sanguine & Shadow**" is still primarily inspired by legendary '90s second wave Black Metal but diverges from the neoclassical and baroque undertones of the debut into more contemporary, complex and exquisitely labyrinthine realms.
