Opis produktu

Overall, Pig Destroyer have unleashed another collection of musical smart-bombs that progresses the band's sound, style and substance, while at the same time re-emphasizing the battle-tested trademarks that have helped them claw their way to the top of the grindcore heap over the past decade and a half. Whether or not it will be held in the same high esteem as their classic albums is yet to be seen, but one simply cannot deny that Pig Destroyer have made an ultra-caustic comeback with Book Burner
