Producent	**Nuclear Winter Records**

Opis produktu

PLAGUE’s debut album Portraits of Mind is a bludgeoning affair…one that often effortlessly combines simplicity in form with stellar musicianship. The result is a lesson in Death Metal; one that borrows heavily from the early 90’s American scene. This album is the perfect balance of everything that makes Death Metal great – you’ll see for yourself. For fans of: Death (early), Massacre, Brutality, and Skeletal Remains.
