"The fall is near. What to follow?"

On 4th full-length **"Rien ne suffit"** ('*Nothing is enough*') sui generis synthesists **PLEBEIAN GRANDSTAND** take a violent wrecking ball to the edifice of extreme music, remoulding the pieces as a mirror-portal into psychological, societal and global turmoil. Always unpredictable and extraordinary, the band create constant tightrope-walk tension as they blur the edges of avant-Black Metal, chaotic Hardcore, blown-out Jazz, corrosive Noise, experimental Electronica and death Industrial into an ultra-contemporary form of 'post-Metal' in the truest application of the term. Conceptualised, played and recorded by the band and producer *Amaury Sauvé* as a piece of aural filmmaking, **"Rien ne suffit"** is a courageous, challenging and mind-bendingly unique record from a peerless band operating at peak powers. Hypersensitive introspection-mania made flesh.
