Opis produktu

PŁYTA POWINNA BYĆ DOSTĘPNA OKOŁO 15 MAJA !!!

While thematically very much black metal, Finnish newcomers Poisoner use the whole history of sinister metal as their source for inspiration, morbid invocations and evil powers. Done with style and taste, never a headless mess nor forced crossover of subgenres, their music is naturally and equally black, thrash, death and heavy metal. Occult themed metal that's loyal to what was before, but very fresh and original in it's execution. Blessed with a shockingly powerful, clear studio production, outstanding musicianship and catchiest top notch songwriting, Nyght Metal is a bold statement of how Finnish black metal can still (!!!) take you by surprise and take your soul further down... into... the dark...
