### Opis produktu

DELUXE VINYL EDITION!!!

Back on Black Records re-issue the classic workds of Austrian death metal band Pungent Stench.

"Been Caught Battering" is Pungent Stench's second album, originally released in 1991 on Nuclear Blast. The album art, which depicted two severed, partially decomposed heads kissing (in fact, it is one head which had been sawed in half by photographer Joel-Peter Witkin), had to be changed for the Australian release. The controversy alone caused global interest in the band. "Been Caught Battering", garnered the group considerable attention in the morbid death metal/grindcore underground, because of their perversities as well as their style of music.
