Opis produktu

Debut full length from Los Angeles' Putrsecent. Wretched and sinister death metal, the 8 tracks that comprise "Darkness Embraced" shows the band focused and committed to a particularly savage style of old school death metal, done West Coast style.
LP Pre-Order launches June 6th, 2025

"For the underground death metal fan this one should be an essential grab for this month and especially if you’re big on the brutality and gloom available to USDM in the early 90’s. A very high recommendation."
