Opis produktu

After 4 long years of silence and absence in the fog of the pandemic and war, like a heavy sledgehammer rushing towards your head, Pyre returns with their third full-length murderous opus.
With the unique fresh-sounding production but yet traditionally made in the old-school vein, along with the new level of performance, the new album delivers mid-tempo darkness and colder atmosphere of their previous album, complemented by classic phrases of band's well-known high-speed crushing low-tuned rattling riffage with obscure melodies and solos and surely recognizable signature frantic voice.

Jewelcase edition with a 8 page booklet 165g art paper, sealed.
