Opis produktu

Co-released with To the Death Records. No digital download.

Ramón Restrepo, known from his work and the Colombian 80s extreme Metal pioneers PARABELLUM, BLASFEMIA and from the Ultra Metal movement! He is still today active in the Colombian scene, creating raw uncompromising black/thrash of the most ancient evil way! A true favourite at the I HATE HQ! “Resurrección maldita de los falsos egos” was originally released in 2015. Now we unleashed the album with the bonuses taken from “Contundente final”- the 2012 album from R.A.M.O.N. (Ramón Restrepo’s “solo band”). For fans of early South American sound of mid/late-80s, this can only be described as the wettest of dreams – or the blackest of vomits! Ltd. 300 copies (100 black, 200 Cocaine-white) LP.
