Opis produktu

A heavy box set with 3 CDs, one DVD, 32 page booklet and some secret goodies.

This is the final nail in the coffin of Reverend Bizarre and also the final part of Svart Records' long-standing mission to release the band's entire discography on vinyl. The CD box contains both versions of the band's legendary demo Slice of Doom plus the promo tape the band did to get a deal for their first album In The Rectory.

Additional bonus is a live DVD of the band's very first live show at TVO in Turku, Finland on September 18th, 1999. The 32-page booklet, compiled by Albert Witchfinder, contains all essential visual material related to the band's demo era.
