### Opis produktu

Old school! After 4 albums and 2 EPs, Swedish old school death metallers REVOLTING have finally returned after three years with a new album! "Visages Of The Unspeakable" will thrill purists and make them cry tears of joy!

this price is a special pre-sale offer !

With today's modern horror sucking beyond redemption and death metal being plagued by rap, emo, and fake boring "brutality", Revolting felt it was time to do a truly PURE and ugly, rotting, putrid Death Metal band for the love of it and to get back to the basics of what all of this madness is about anyway! The spirit of real Death Metal is alive and well, and **REVOLTING** is keeping the gory tradition going.
