Emerging from the Nidrosian scene, Ritual Death has since it's formation in 2016 forged their savage, uncompromising and iconic sound. Lord of the Tomb collects Ritual Death's EP and split-release material originally issued between 2016 and 2018, bringing together a crucial chapter in the band's history once again.

Now available once again on 12" LP and CD, Lord of the Tomb serves as both a document of the band's formative years and an essential piece for followers of uncompromising underground metal. Unearthed from a period of creative ferocity, these recordings capture Ritual Death at their most primal, unrestrained, and devastating.

Enter the crypt. Embrace the darkness. Become a servant of the Lord of the Tomb.
