ROBUST - *Robust*

ROBUST performs intoxicating Black Metal with pure Will, passion and Dedication. This album might possibly be the record you never knew you needed, an album so unpredictable and maddening that you don’t know wether you just heard the most beautiful piece of art, or an atrocity of dimensions unknown. In an age where everything's ‘perfect’; where production and musicianship has reached levels unheard of due to modern technology, providing platforms for even the most average musician to excel, this album is a breath of fresh air in an otherwise soulless scene.

ROBUST delivers a raw and harsh, yet elegant and masterfully composed album, with indescribable twists and turns. Without too much explanation, I would recommend this to fans of SVEST , AKITSA and the three first GORGOROTH albums. That pretty much sums it up.
