ROTTING CHRIST have reached another peak in their long career that now spans over more than three decades. The Greeks have literally stood the test of time. With confidence and skills derived from experience, each song on 'The Heretics' represents its own sonic universe. This new album marks another step in the evolution of the Greek masters. Buckle up for a fascinating musical ride through the woes of religious wars, Zoroastrianism and the eternal war between good and evil. Metal at its best!
