## Opis produktu

Forged in the underground of Romania, RUYNED unleash their most ferocious and unrelenting material, Profanum Sacrificium, a blasphemous speed metal assault infused with elements of black, thrash, heavy metal.

The Intro sets the calm before the storm. From the ripping assault of “Speedchain” to the depraved madness of "Sex'N Speed" and “Sex Commander 666”, going through the sinister tale of “Vampire of Düsseldorf” inspired by Peter Kürten, RUYNED channel raw violence and decadence in its purest form.
From “Daemonium Ritualis” onward, the record descends into a dark conceptual journey through the European witch hunts of the 15th–17th centuries. Through Profanum Sacrificium, Malleus Maleficarum and Witches Gallow, the band conjures a world of fire, mysticism and ritual death.
The closing Outro retells this tale as a melody sung by a bard at a royal banquet.

Fast. Raw. Rabid. Merciless. Total speed metal violence.
