Iconic old school Death Metal demo's from 1989 and 1991 by Sadism on vinyl!

Sadism burst onto the scene with their debut demo "Perditions of Souls" in 1989 and "From the Perpetual Dark" in 1991. Drawing inspiration from the early days of American
Death Metal, with clear influences from bands like Morbid Angel, Dark Angel, and Possessed, Sadism manages to transcend conventional labels to forge their own essence in
this historic release.

From the first chord, it's evident that "Perditions of Souls" is more than a mere tribute to their influences; it's a statement of intent from passionate musicians. Despite being their
demos, partly funded by the band members' parents, the production quality is surprisingly professional. . What sets Sadism apart is the mastery with which they incorporate elements of South American extreme metal from the era.

The original lineup with Ricardo Roberts on bass and vocals, along with Juan Pablo Donoso on drums, establishes a solid foundation that has withstood over 35 years in the
Chilean metal scene.

As time has passed, Sadism remains an active force, releasing music uninterruptedly to this day. "Perditions of Souls" stands as a fundamental piece in shaping the sound landscape of Chilean metal. For those looking to delve into the roots of a music scene, this demo is essential, a window into the passion and authenticity of a band that has left an indelible mark on the history of Chilean metal.
