Sadism’s early era classic songs re-recorded!

Chilean Death/Thrash Metal attack!

Chilean Death Metal veterans Sadism return with “Necrology (1997-2002)”, a reanimation of classics from their early era!

This isn’t a greatest hits or a clean slate re-recording.

Original tracks are left intact where it counts, stitched together with new takes that keep the grime and spirit fully alive.
Formed in Santiago in 1988, Sadism have stayed active through decades of Latin American and European tours, sharing stages with Death Metal royalty and building one of the most consistent legacies in South American Extreme Metal.
The artwork says it all.

A throne, a specter, a clock ticking down.

“Necrology (1997-2002)” is a cold reminder of what still lurks beneath and a loud warning that Sadism never left.

• Started out in 1988 Sadism are living legends in Chile and in South America
• The old school Death Metal spirit (with roots firmly in 80’s Thrash Metal) is extremely strong in this one
• Cover artwork by Patricio Saavedra and Ricardo Roberts
