Opis produktu

Cult dark doom death metal from Switzerland

One of the most underrated pearls from the Swiss underground scene, Sadness. Formed in 1989 and released two demos and tree full lenghts from 1991 to 1998. Inspired by the occult Hellhammer and early Celtic Frost and other first waves black metal bands. On the other hand heavily rooted in doom / death metal, and later on heavily influenced by gothic metal. Debut album Ames de Marbre is the prefect blend of doom, death, black and gothic metal. This re-issue has a total new designed booklet and the two demos 'Y' (1991) and Oedipus (1992) as bonus.
