Sevan Mater proudly presents:

Saint Vitus - Die Healing

Saint Vitus' album **"Die Healing"** is a masterpiece of doom metal that showcases the band's ability to create a dark and powerful atmosphere. From the haunting guitar riffs to the thunderous drumming, every aspect of this album is designed to transport the listener to a gloomy and foreboding world.

One of the standout tracks on the album is **"Dark World"**, which features slow, crushing riffs that build tension and create a sense of impending doom. The vocals, delivered with raw intensity, add to the overall sense of despair and hopelessness that permeates the song. Another highlight of **"Die Healing"** is the track **"Let the End Begin"**, which showcases the band's skill at creating a sense of dread and unease. The eerie guitar melodies combined with the powerful drumming create a sense of impending darkness that is hard to shake off.

Saint Vitus, a pioneering band in the doom metal genre, has been able to consistently deliver albums that are characterized by their dark and heavy sound. **"Die Healing"** is no exception, as it is a testament to the band's ability to create music that is both heavy and atmospheric.

This album is re-released on vinyl with a triple Deluxe Gatefold cover, in two colors (Marbled Red / Marbled White), each edition is limited to 500 copies. Also available a very special Deluxe edition in Box, including poster and a special printing.
