Opis produktu

The Sanctuary has opened its doors again and this time it is to reveal a new Métal Noir offering. Spiritual successor to the "Helserkr" demo, "Spectre de mondes passés" delivers raw yet melodic black metal. Its 'garage' production suits the melodies perfectly, oscillating between grandeur, hatred and melancholy. Composed and meticulously assembled during the last 4 years, "Spectre de mondes passés" is an ode to nature, ancient spirits and the purest black metal tradition. CD with 12 pages full colour booklet including all the lyrics with illustrations. Luxurious design by House of Inkantation.
