Opis produktu

The new Sarkrista album "Summoners of the Serpents Wrath" is set to be unleashed at the end of February 2017! After 3 split releases and "The Evil Incarnate" EP, Sarkrista are finally back with a new full length album! Stronger and more furious than ever before! Harsh riffing guitars combined with intense atmosphere, blasting drums and maniacal possessed vocals. This album is a great homage to the demon of all oceans, the lord of the eternal abyss - the mighty Leviathan! Design and Layout by the great Misanthropic-Art. Tracklist: 1. Intro 2. The Lurking Giant 3. The Gathering of Blackest Shadows 4. Summoners of the Serpents Wrath 5. Ascending from the Deep 6. He, Who Liveth and Reigneth Forevermore 7. The Sea pt. 2 (My Cold Grave) 8. Black Devouring Flames 9. Rituals of Flames and Skulls
