While standard bearers of the NWOBHM movement and responsible for '83's seminal Court In the Act and '87's Suspended Sentence, with Cruel Magic Satan make it abundantly clear that in 2018 they are not interested in simply capitalizing on past glories. Comprised of 10 tracks of searing metal, it is blatantly and profoundly the work of the Newcastle upon Tyne natives at their very best, infusing their signature sound with a more raw, wild and spontaneous vibe than they showcased on 2015's mighty Atom By Atom, in the process displaying more passion and energy than slews of bands half their age.
