Opis produktu

WEREWOLF RECORDS is proud to present SATANIC WARMASTER's seventh album, *Exultation of Cruelty*, on double CD, vinyl LP, and cassette tape formats.

SATANIC WARMASTER needs no introduction. Since the band's formation in 1998, founder Werwolf has prolifically - and provocatively - stoked fires that refuse to be quenched. A totally independent artist in all aspects, SATANIC WARMASTER has sold hundreds of thousands of albums internationally and played stages all across the world, from north to south and east to west. The band's black metal is devoutly traditional but eternally fruitful, standing as an immovable monument to the purest and proudest foundations of the artform. As such, SATANIC WARMASTER is hated and loved with equally strong passion, with those naysayers only feeding that fire with falsehoods and gross misconceptions. There is no middle ground: no apologies, and no surrender.

The new album, entirely performed, recorded, and mixed by Werwolf, was created in complete isolation between 2021 and 2024. *Exultation of Cruelty* emanates a wintry breath reminiscent of the rising Black Metal underground of the early 2000s, capturing the original barbaric essence of SATANIC WARMASTER-before the dilution of "Finnish Black Metal" by today's trends.
