Opis produktu

Back in 1996, Moonfog Productions put together SATYRICON´s "The Forest is My Throne" and ENSLAVED´s "Yggdrasill" demos on a compilation and which became an iconic piece of Norwegian Black Metal. In contrast to the CD and digipack versions, the vinyl edition contained an additional 7" and became an expensive collector's item. Now, an exact reissue of this release is finally available again... after more than 30 years. Black vinyl housed in a Gatefold cover jacket. Comes with extra 7".
