Sear Bliss' 5th studio album is finally available again in Europe. Released in 2002 by the American label Red Stream, and up till now hardly available. Sear Bliss performs for atmospherically black metal, intense vocals, beautiful epic keyboards and their majestic brass section (on this album the trombone, baritone and tuba). The album is completely re-mastered by Dan Swanö (Opeth, Katatonia, Edge of Sanity). The album has the video for 'Two Worlds Collide' (taken from the sixth Sear Bliss album 'Glory and Perdition') as bonus.
