Opis produktu

Denmark’s death-grinding brutes Septage blazed a trail in the underground with two lacerating EP’s and a split with Hyperdontia. Now they present their decayed debut full length via Me Saco Un Ojo Records, Dark Descent and Extremely Rotten.

Abrasive noise and ecstatic grooves intertwine in a rotten cacophony, swaying like a bloated carcass in a stagnating swamp pool. The fetid hooks and miasmic spew of Septage’s rancid music instantly permeate the air with an odour of decompositional fluids. Ravenous vocals flood the gargantuan instrumentals with even more primitive aggression, ensuring a visceral experience across the board. Their septic splendour knowing no remorse, expect to have your skull trepanned by each of this vicious pieces of musical disgust.

Still surviving? That is quite unfortunate... Septage will fix that. If your cranium can withstand the bludgeoning bubonic death metal, then the piercing drill of grinding fury will surely remove any slimy grey brain matter that lives on. Across these 15 songs of sewer-ridden sadism, Septage show that their EP’s were not mere lightning in a bottle, but a promise for one of the most deranged and malicious debut albums of the grindcore world. Destroying all opposition, gurgling in their own rancid offal, this trio form something inarguably unpleasant on the air. Torture yourself with the infectious sounds of “Septic Worship”.
