Opis produktu

The CRYPT is honored to announce our partnership with Season of Mist and the mighty Greek Death Metal Gods SEPTICFLESH to release classic vinyl editions of their early albums, all featuring the original artwork and original sound recordings. We worked directly with Sotiris from SEPTICFLESH to make these vinyl editions the ultimate versions!

First, we offer the band's amazing 1995 sophomore album "Esoptron". A true masterpiece of dark, mythological occult metal.

Presented in a 350 gram sturdy jacket, this LP features the original cover artwork, lyrics, a forward by Sotiris and all the original layout elements designed after the original 1995 Holy Records CD with attention to detail, even down to the logo and typeface for a touch of nostalgia.

100 copies will be on black vinyl.
