Opis produktu

CD in jewel case with 16 page booklet.

Greek kings of black metal SEPTICFLESH's classic second album 'Esoptron' is finally available again!
Infectious but yet pummeling hooks give way to melodic interludes and then suddenly break into heavy passages with tortured, shrieked vocals; 'Esoptron' showcases a young SEPTICFLESH further honing their craft and cementing themselves among the heavy metal elite.
Long regarded as an essential record within the gothic metal world, 'Esoptron' is now fully remixed and remastered and features 3 bonus tracks!

For fans of ROTTING CHRIST, MOONSPELL, DIMMU BORGIR, CRADLE OF FILTH, TYPE O NEGATIVE, early PARADISE LOST, early ANATHEMA.
Artwork by Spiros.
