## SETH Era Decay LP BLACK [VINYL 12"]

Cena	<b>127,90 zł</b>
Dostępność	<b>Dostępny</b>
Czas wysyłki	<b>5 dni</b>
Producent	<b>Peaceville</b>

### Opis produktu

The 2004 album of high-calibre extremity from the French Metal masters.

This is the **first ever vinyl edition** of **Era Decay**.

A powerfully dark and at times experimental opus.

-----

Seth formed back in 1995 and is known as being among the primary acts in the French black metal scene, with their 1998 debut, 'Les Blessures de L'Ame' regarded as a landmark album and a cornerstone of French Black metal since its release on the then freshly-established label, Season of Mist, with Seth becoming firmly established as an internationally recognised act as a result.

Seth went on to release a further five studio offerings over the next twenty five years, branching out into other spectrums of extreme metal along the way before returning to the more grimly-atmospheric sounds of yore.

'Era Decay' was Seth's fourth studio opus, originally surfacing in 2004, and continued to establish a more brutal integration of riffing & compositional styles and ideas which was indicative of the times, whilst also still retaining some blackened metal elements among more progressively technical ingredients. With a cleaner, more cutting production, this resulted in one of the band's heaviest outputs, with some intricate riffs and melodies.
