### Opis produktu

Debut album re-issue on vinyl! Severe Torture's die-hard classic! Severe Torture is the most brutal and sick band from the Netherlands, plain & simple. This album is all about fast passed drumming, catchy, technical fast picking riffs and deep vocals. This is brutal death metal at its very best, and is evenly balanced, full of god-hating, and gut-ripping. There is even melody, but nothing like the melody used in melodic Death Metal. It is enough to send any typical run-of-the-mill trendfaggot running for cover and praying for safety, which will not come, for his eardrums shall be split and liquified, and his brains thrashed to trash.
