Opis produktu

Released in January 2013 as a 7", this split ep is now being reissued ten years later as a 10" with some changes on the MonumentuM side:
PJ Harvey's classic "The River" is here featured in a different version from the one on the original ep, plus, to bless the two bands sodality, we are adding the song "In Misery Front Row", which originally appeared in 1998 as an instrumental track called "The Colour Of Compassion" on Misanthopy Records label's compilation Presumed Guilty, but hereby featuring Shining's mastermind Niklas Kvarforth on vocals.
