Opis produktu

CALIGARI RECORDS is proud to present SHRIEKING DEMONS' striking debut EP, Diabolical Regurgitations, on CD and cassette tape formats.

A newborn abomination devoted to the filthiest form of ancient death metal in the vein of Autopsy/Abscess, Decomposed, and Dream Death, SHRIEKING DEMONS may surprise with their moniker, but their sound is as sure and steadfast as it comes. A power-trio in the grand tradition featuring the vocalist of Cancer Spreading and Terror Firmer, SHRIEKING DEMONS' sound is both sparse and smothering on their public debut, Diabolical Regurgitations. It's a swift and exciting spin at a concise 17 minutes, dredging up doom before kicking into classic, righteously headbanging gallops, and all rounded out by crushingly clear production that sacrifices not one whit of grit or grime: simply, the sewer-dredging effect of SHRIEKING DEMONS cannot be washed off!

Drink deep and vomit it back up, for SHRIEKING DEMONS have arrived with Diabolical Regurgitations!
