Czas wysyłki	**5 dni**
Producent	**Metal Blade**

Opis produktu

Six Feet Under's upcoming album **Killing for Revenge** is not for the faint-hearted. “I chose the title **Killing for Revenge** after we completed writing and noticed that all the lyrics and storylines had a common theme of revenge. Revenge by human or revenge by nature—or both in the song “Bestial Savagery,” which describes the destructive paths of man-made storms,” frontman Chris Barnes says.

Killing for Revenge marks the second album that Barnes and guitarist Jack Owen (ex-Cannibal Corpse) have created together since reuniting for 2020’s Nightmares of the Decomposed, an album one critic praised an “often slow-ish and doomy yet crushing death metal” which offered an “uncompromising show of strength.” Owen also produced Killing for Revenge. “We worked well together in Cannibal Corpse,” Barnes says. “ I loved him to death as a friend and a musician, so I'm really comfortable giving him the reins because I just have such great respect for him as an artist.”
