Opis produktu

Skaldr is a black metal band created in 2017. Comprised of experienced musicians offering their first representation in the heavier aspects of music, the group joined together to explore shared interests in the darker elements of expression. Continuing with the melodious gloom of their debut album, Scythe of Our Errors, Skaldr beckons from the darkness once more with their sophomore record, Saṃsṛ. A thematic observation of loss, devastation, and change, Saṃsṛ reflects on how death and life, formation and demise, are bound in an inextricable cycle—each sustaining the existence of the other in perpetuity.

With Saṃsṛ, Skaldr leans into the melodic, cold atmospheres reminiscent of Scandinavia classic black metal sound from the '90s. Drawing inspiration from bands like Dawn, Dissection, and Windir, Skaldr evokes a sound that feels both rooted in tradition and invigorated with fresh energy. Each track builds upon the previous, weaving intricate guitar melodies, relentless percussion, and somber atmospheric elements to create a mournful yet fierce landscape. Skaldr's dual guitars create an interplay of harmony and discord, echoing the album’s theme of unity through destruction.

Saṃsṛ stands as both a tribute to the foundational days of melodic black metal and a testament to Skaldr’s voice within the genre. This album invites listeners to confront the beauty and inevitability of cyclical decay, beckoning them to join Skaldr in this journey through the shadows of life’s perpetual transformations.
