To celebrate the bands 10th anniversary Century Media releases something special and reissues the 2011 “Desolate Isolation” demo tape on 180g vinyl including various bonus content compiled from one decade of SKELETAL REMAINS band history. Picking their name from a line in Demolition Hammer’s ‘Human Dissection’, California’s SKELETAL REMAINS not only have proven their exquisite taste in terms of finding the right moniker, but also musically by combining influences from Death to Pestilence, from early Gorguts to Morbid Angel as well as the aforementioned New York thrash commando. In support of the previous albums “Beyond The Flesh” (2012) and “Condemned To Misery” (2015), the band constantly toured Europe, the US or also Japan, performed at such renowned festivals as Maryland Death Fest, Party.San, Brutal Assault, Obscene Extreme or also Hellfest.
