### Opis produktu

- 3-panel digipak 3CD

A compilation of Ultra Lo-Fi Black Magic by SKUGGEHEIM, one of Norway's best kept secrets.

All material carefully collected in close conspiracy with the artist and, believe it or not; fully remastered .

This compilation is the definitive collection of all his works; the complete *Daudssyklus* EP series, a previously unreleased demo, a DARKTHRONE cover and more.

SKUGGEHEIM is now officially laid to rest for all of eternity.

CD1 - *Vinterrikets Konge*  
*Vinterrikets Konge* demo + two bonus tracks.

CD2 - *Koldheitas Spekter*  
Unreleased demo tracks + WULKANAZ split track.

CD3 - *Daudssyklus*  
All phases of the EP series collected in the correct order, including the never materialized *Fase Fem*.

LP versions of all this will be available shortly, released by Terratur Possessions exclusively.
